

Peace of Mind

I think we finally nailed this. Several attempts were made at this since it was written at Priory Terrace in '96. A lot of the anger has gone (sorry Andy!) but I decided to let the lyric dictate the terms. Three things make this, and they all come together in the solo. Firstly, Ian's lovely Mazzy Star slide. Secondly, Jude's great behind-the-beat Peter Green lead guitar and thirdly, Polly's peerless, soothing BV's. Thanks guys.
