

Suzy Please

Started as an attempt at The Temptations 'Just My Imagination' - a stalker song. (The line 'I'm just your No1 fan' is a reference to Kathy Bates' line to James Caan in 'Misery'.) It then became something a bit more personal/universal. Written at Priory Terrace, '97. Love Kieran's understated Hammond and Ian's Cowboy Junkies's slide. Also, Steve's best drumming - pure feel playing. "Pure chocolate fuckin's sex, man!" to quote Dave Grohl on John Bonham's drumming on 'When the Levee Breaks'.
